~~SECRET~~

PBSUCCESS / RYBAT

About six weeks ago Colonel Luis A. GIRON, the Chief of the Air Force, returned to his home late at night and found that his wife was sharing her bed with Colonel Carlos Enrique DIAZ, the Chief of the Armed Forces. GIRON recovered himself long enough to fire several shots after the distinguished Colonel of the Armed Forces who had executed an immediate retreat. For his action in the line of duty, GIRON received a sentence of 30 days confinement to quarters; he will probably be released within the next few days. The tale of this nocturnal foray has begun to spread and rumor has it that GIRON is not prepared to call a truce at this point. If this is true, we may expect increased tension between the Air Force and Colonel DIAZ.
